Parent Handbook for Toddlers

WELCOME TO DREAM...

Before opening this handbook to view the policies, procedures, and requirements for DREAM...We would like to first inform you that DREAM is not your usual Daycare. We are an Early Childhood Preparatory Academy with the goal to provide a learning experience for both child and parents that will establish life-long learning and academic accountability...and this begins when you walk through our doors.

If you are willing to commit to participate in our efforts to ensure that your child's daily experience at DREAM is filled with love, nurturing, skill development and social interaction, then there are a few things we would like to focus on before you turn this page...

- It is recommended that all children arrive to school by 8:30 am to ensure their participation in daily academic instruction.
- Parents must bring enough diapers to last for the week. Formula and bottles can be brought daily.
- All children must have a weather appropriate change of clothing (including underwear and socks) to be kept at the center.
- All parents must keep their account current to continue services.
- All parents are required to submit all enrollment forms and responsible for keeping their child's file updated.

Thank you for choosing DREAM and committing to participate in your child's educational experience. Feel free to turn the page...

DREAM Toddler Parent Handbook 2022-2023

WHO WE ARE ...

DREAM is a non-profit community-based organization providing affordable childcare services that offer academic and enrichment opportunities to assist children with the necessary skills for student success. Financial support for our program is provided by paid tuition and grants funded through (ABC) Arkansas Better Chance Programs. Our program is open to the public and available to all students regardless of race, religion, gender, social status, disabilities, or academic level.

Our Mission Statement

Our mission is to provide academic, social, emotional, physical and intellectual development to children 6 weeks -36 months to ensure a successful start to our preschool programs and thereafter to elementary school. We offer an environment that encourages children to develop their capabilities and interests at their own pace and according to their individual needs. Our goal is to recognize the uniqueness of each and every child and provide positive encouragement for the child's continued growth.

Eligibility

Tuition Paying Students

- Eligible children must be 6 weeks to enroll.
- There are no income guidelines for this program.

Enrollment

The following forms must be completed and signed by the parent/guardian and returned to the center before the child will be able to attend:

- Enrollment Application
- Immunization Records/Emergency Release
- Birth Certificate
- Signed Parent Handbook forms
- USDA Child Care Food Program Enrollment Form
- Tuition Agreement

Toddler Environment

Our environment is set up to meet the needs of each individual child as much as possible in a group setting. As you can imagine, in a room of ten or more children there will inevitably be times the teachers are faced with multiple needs at the same time. We fully recognize this potential and tackle this challenge in many creative ways. We ask parents to provide us with information about your child's routines, before their first day, to help us become familiar with your child's schedule. We are aware that children's schedules change as they grow, and we make adjustments as needed. Please feel free to discuss with teachers any questions you may have.

Hours of Operation

Hours of operation are 6:30 am to 5:30 pm, Monday-Friday, according to the DREAM School Calendar. If your child is not picked up by 5:30 pm, the following policy will be in effect.

1st Offense: Verbal Warning and documentation to file.

2nd Offense: Payment of \$5.00 per minute after 5:30 p.m. according to our time.

3rd Offense: Dismissal for one-week plus payment of late pick-up fee.

4th Offense: Cancellation of enrollment in addition to payment of late pick-up fee.

Meals & Nutrition

DREAM will provide breakfast, lunch, and snacks to the children at the center. The menus follow the guidelines of the United States Department of Agriculture for healthy foods. Those children who have special dietary needs must provide a written notice to the director of the center from the child's physician regarding the special requirements. All children that attend our program are required to complete a USDA Child Care Food Program Enrollment Form.

As children are beginning to master their self-help skills, we encourage them to use sippy cups and utensils. As children progress and prepare for their next group teachers will work with the children and help them be more prepared for any meal time routines prior to transitioning to the next class. For example, when moving from Jr. Toddlers to Toddler classrooms children will transition from sippy cups/cups with straws to a regular drinking cup.

Diapering

Diapers/Pull-Ups must be provided by parents. Children's diapers are changed every 2 – 3 hours and after every bowel movement. Staff, at every diaper change, uses disposable gloves. Children are changed at a changing table on a changing pad that is sanitized with a bleach/water solution after every change.

Potty Training

Potty training shouldn't be rushed; it is important that your child is psychologically and physically ready for training. Pull Ups must be provided by the parent/guardian during this transition period, no regular style training pants or underwear will be used until your child maintains 2 continuous weeks of bladder/bowel control; of course, if your child regresses after this 2-week period we will assess the next step.

Naptime

All children sleep on a cot with a cot sheet provided by the center. Parents are required to bring a blanket for your child to use at naptime, blankets will be sent home each Friday for parents to wash and return the following Monday.

Ages & Stages...

Jr. Toddlers (ages 18-24 months)

Our Jr. Toddlers Classroom provides an individualized curriculum for all students, recognizing that each child is unique and special with differing talents and gifts. Our classroom setup is cheerful and nurturing, with hands-on activities that encourage creativity, exploration and learning.

Our theme-based curriculum for toddlers focuses on providing opportunities for children to explore and discover their surroundings through hands-on activities. Children will stay busy with experiences that build on their social, emotional, cognitive, language and physical development. All skills learned in the Jr. Toddler Class will assist in positively transitioning students to the Toddler 2-3 classes.

Toddler 2-3 (ages 24 months – 36 months)

DREAM's Toddler 2-3 Classrooms offer theme-based curriculum for 2-3-year-old children that focuses on providing opportunities for children to take a daily adventure of their surroundings through hands-on activities. The children are occupied with an adventure that builds on their social, emotional, cognitive, and physical development.

Our daily schedule is full of art projects, manipulative experiences, water play, dramatic play, and object investigation. These daily skills will more effectively prepare and transition children to our preschool classes.

Group interaction consists of discussing the theme, color and shape of the week. Stories, songs and finger plays enhance their developing oral language skills.
